<p>I have lived in Meltham for the Majority of my adult life and have recently moved in to the close vicinity of this property and business</p> <p>After paying what I felt to be a premium to live in this beautiful unspoilt area I am very surprised to find that this business has been operating without planning permission!!</p> <p>This area of Meltham is in Green Belt and feel that a development of a business would spoil the area with increased noise and traffic.</p>
