<p>I am against this planning application for many reasons.</p> <p>With at least 170 cars it will have a massive impact on the amount of traffic on both Cliffe lane and Latham Lane. These roads are already extremely busy during peak times with many using them as a short cut to the M62 and chain bar roundabout.</p> <p>The current walk down Ferrand lane to the scout hut is lined with bushes full of sparrows and other birds in their natural habitat. This will be destroyed as well as the trees which will have to be cut down.</p> <p>The residents of houses on Cliffe lane who have enjoyed lovely views for no doubt many years will only have a view into someone else's kitchen/lounge.</p> <p>There are already houses being built on Whitehall road and by Gomersal Park Hotel. Unless there is a plan to build a new school as well, there will not be enough spaces for the extra school age children that will undoubtedly be among those families who the plot will be aimed at.</p>
