I object to this planning application for the following reasons... I live along side the land and will end up with houses on all four sides of my house. This of course will cause privacy issues as we will be overlooked. noise from the building works will affect our quality of life. and increased noise from having neighbours on all four sides will cause disturbance. I am concerned about damage to the hedgerows and trees on the land that house many birds, insect and bats. another concern is Road saftey... cliffe lane is called a 'lane' for a reason and adding 87 dwellings is potentially 174 cars added. On a personal note.... we paid a premium to life in a semi rural area with extensive views over spen valley. Not only will our house be worth less but if this application is accepted our quality of life will be affected.
