<p>Living on Latham Lane for the past 20+ years, it has become increasingly dangerous on the roads due to the amount of traffic. We have seen a new estate built on the old Burnley's Mill site, this has increased the traffic immensely.</p> <p>To add to this Latham lane is used as a rat run by drivers wishing to cut out the corner of hill top.</p> <p>West Lane has also had new houses built & at the moment another 4 houses are being built.</p> <p>To add another 87 houses in the vicinity with 2+ cars per household - the roads cannot cope.</p> <p>At the beginning of Latham lane where it joins Cliffe lane is very dangerous , cars speed round the corner and it is an accident waiting to happen.</p> <p>There is also the wildlife to take into account, all these will leave the area, spoiling the beauty of seeing all the little wild birds, living & breeding in the trees.</p> <p>Fam Wood which is used by hundreds of children each year with their Scouting/Brownie groups for their activities & camping nights, where will these children be able to go then !!</p> <p>Please consider all of the above when decisions are being made.</p>
