Subject: 5 day notice

Hi Matt,

I'm giving 5 day notice to remove the crown on this ash tree, located at 28 Occupation Road, Lindley, within the Edgerton conservation area. As you can see from the photos the crown is in significant dieback... we intend to remove the crown and pollard the tree/reduce to a monolith, in order to remove the risk of any falling branches/limbs, given its proximity to the adjacent Bowling club.

There are 2 other Ash trees within this group which are showing some signs of dieback, but since there are no immediate targets, I have advised the occupant to retain for now at least.

Hope that's ok.

Kind regards,

Rob
