<p>I object to these plans, this is a listed building and a such should be protected from alterations. In addition the disruption to existing parking restrictions already experienced by residents of cliff road will be exacerbated due to the amount of construction vehicles required. The level of dust and muck on the road and covering of houses as has already happened during the erection of the 2 new properties on cliff road. This is an unnecessary alteration to a beautiful listed building and will not enhance the community or surrounding area</p>
