<p>Whilst not a neighbour of the site I used to use the footpath that runs along its boundary until it was destroyed by the quarry.</p> <p>Likewise they have wrecked Cartworth Moor Road which used to be a pleasant walk, Whitegate Road and Bare bones Road with the ,massive increase in traffic over the last 2 years. To suggest that increasing this further is not going to have a negative impact on other users of the roads is ridiculous.]</p> <p>The lorry route includes the Holme Valley Circular walk (Bare Bones Road and Flight Hill), plus the Kirklees Way (Cartworth Moor Road). None of these have footways, the pedestrians are forced to share the road with any traffic. The proposed development will obviously endanger pedestrians and cause a loss of amenity for users of these routes.</p> <p>The Council have completely failed to enforce the conditions of the existing planning permission so we have to assume this continued intensification will be allowed.</p>
