I would like to draw your attention to planning application for stables and calthouse and shower, due to the way it will be built it will eventually be turned into a dwelling there are already nine dwellings on lower lane counting the wood cabin in R.M Simpson Yard which is occupied, lower lane is a single track farm road.

I understand
When R.M. Simpson put the extension up without planning, someone put in a complaint he thought it was me. Could you please inform him it had nothing to do with me, this has caused a lot of family upset for me Thank you
Yours Faithfull
