Subject: planning application 2023/93495

Dear Sir,

I wish to object to the planning application 2023/93495.

This is a completely inappropriate type of building for the space for all the same reasons which were stated in the previous planning application which was refused on several grounds.

In addition I wish to object on the following additional grounds

1. Detriment to the historical building next door and the recently completed historical improvement at 44 Daisy Hill
2. Lack of facilities for proposed residents
3. High and inappropriate number or residents density in a zone which is earmarked for improvement
4. No consideration for the proposed residents needs in the locality
5. The high density proposed followed by the likelihood of criminality supported by the local population in an area which is already stretched for policing, litter, ASBOs,
6. The effect large numbers of displaced people will have in the town centre especially for my shop Greenwoods at 3 Church st
7. Lack of alignment with Town Board ideals and proposals for the development of Dewsbury
8. An overload on the existing services which cater for vulnerable and needy people

Please advise how many times and how often this person is allowed to apply for this when it has already been refused

Kind regards
