| <p>This application is totally inappropriate. The land itself is agricultural adjacent to ancient woodland teeming with varied wildlife and a quiet haven. The land is a green corridor providing a buffer to prevent urban sprawl dividing Netherton from South Crosland and gives locals a quiet space for health and well being.</p> <p>Netherton and nearby surrounding areas have been deluged with new building in very recent years, the area just cannot accommodate more traffic as roads are full to capacity. There are no nearby commuting links to Motorways and schools are having to intake many new children from the new developments, local infrastructure can't cope with more.</p> <p>We are full, the impact on the character and landscape of the area will be ruinous.</p> |    |
