

Heritage Statement

Site: 69 Raikes Lane

Proposal: Single Storey Extension to Side

Introduction

The application is for an extension to the side of the above property. The property has been modestly extended to the side in the past and this extension is to be increased in length to the front and rear of the existing.

Design

The property is one of a pair of semi-detached properties which are approximately 100 years old. The properties are constructed in brick. It is proposed that the extension and roof shall be constructed using materials to match.
