<p>Concern for the impact of additional traffic on Back Station Road and the surrounding area of Lower Hopton, including Newgate and Station Road. Traffic has been increasing in this area due to developments in the last five years but nothing has been done about the roads. The traffic queues back to now at peak times to the bridges on both roads from the junctions with Huddersfield Road. Traffic on back station road can be dangerous at times due to the parked cars.</p> <p>There is already too much traffic in that area.</p>
