<p>This application basically hadn't changed from the original application.</p> <p>Why did the applicant buy this property in the first place if he knew that it was too small and needed updating. Was it because he always wanted to demolish the bungalow and build a house? He has never lived in the property since it was purchased.</p> <p>The application is for a huge house which will dominate the neighbour's houses causing lack of light and privacy.</p> <p>In his application he gives examples of existing houses in Bradley Road and if you look at numbers 341 and 345 Bradley Road they totally dominate the bungalow at 343.</p> <p>The only reason why 345 Bradley Road was lowered in height and the balcony removed was because neighbours objected.</p> <p>When will Kirklees Planning Department ever realize that demolishing bungalows and building enormous houses takes away the chance of downsizing.</p> <p>We object to this application.</p>
