<p>We wish to object to this proposed planning application due to the following: the house will be nearly twice the height of the traditional existing bungalow to the side. Why is it necessary to build 3 levels? Sunlight/natural light will be reduced. Design/appearance is greatly out of character for the area. The effect on neighbours properties will be massive. The street scene will be changed for the worst for good. Please do not allow, keep bungalows with the heights they have.</p>
