Subject: Objection to Planning Application 2023/93597

CAUTION: External email. Do not click links or open attachments unless you recognize the sender and know the content is safe.

In addition to my objection on the website, I have attached the images below to show the huge contrast in position of the houses directly behind ours at No. 30 Heaton Grange in the new plans, where the proposed house at Plot 17 lies directly behind our back fence/garden and also has two windows directly facing into our garden, breaching our privacy. Attached in this email are the images from the original plans in 2020 where the house was further away from our garden compared to the new plans where the house is far closer than previously, and is also a much larger building.

I would like to reiterate again how much we strongly object to these proposals.

30 Heaton Grange.
