The following comments and recommendations relate to the discharge of condition 6 (EV charging) only which is within the remit of Environmental Health.

**Condition 6 - Electric Vehicle Charging (EVC)**

To discharge condition 6 a plan titled Detached House by J.A. Oldroyd & Sons Ltd (Drawing No. 22146A) (dated May23), has been submitted. The drawing shows the proposed location of the EVC point in relation to the dwelling and the annotation illustrates that the EV Charger will be a 16A (3.5kW) continuous supply, type 2 socket.

**Recommendation**
**Condition 6 - Electric Vehicle Charging (EVC)**

We are satisfied that the information provided meets the requirements of condition 6, however we cannot recommend that the condition is fully discharged until the EV Charger has been installed as per the said Drawing and is fully operational.
