I am writing with objection to the plans for the Shears Inn. This building has stood for almost 200 years and not only is it a historic landmark but also a place where the local community gather. The shears is part of our local heritage and history, which is still used today in schools. The Shears is part of the Luddite trail and has a local resident i often see ramblers and groups of children stopping for either educational visits or refreshments. Around the area there is now a abundant of wildlife including bats, deers. I would also like to express the importance of mental health and by taking away a place for the local community to gather and socialise would not be benifical. The Shears is frequented often by myself and family and has been for many years. Please take into consideration of all of the above and save our local heritage.
