In objection to the planning application for the Shears inn. Firstly i strongly object to the this building to be turned into apartments and houses built on adjoining car park.The Shears Inn should be kept open has a public house. The Shears is an historic part of our local history and is often visited by schools and ramblers, who visit because of its commection with the Luddites. Secondly, Im a local resident who lives very close to the building and often meets up with friends and family. The pub has many regulars whom meet up and socialise. Many locals use the pub and over the spring, summer months it is busy, a wonderful beer garden with fantastic veiws. By allowing permission the natural landscape would be ruined. Lots of wildlife are often seen including bats, badgers, deers. I live opposite the car park and i feel that by allowing buildings to be built would have our privacy overlooked. What about dentist, doctors we already struggle to find one. Instead of taking away our heritage, why cant the Shears be sold to someone who wants to keep it open has a public house instead of building more and more large detached premises along Halifax road. We need to save this historic building.
