<p>Please do not publish my address.</p> <p>I represent the adjacent Huddersfield Dragons Hockey Club. We are concerned about the reduction in available car parking spaces for users of the hockey pitch. We currently park on a combination of the Storthes Hall access that runs past the pitch, the DIGS car park and the Shelley Football Club/Leslie Foundation car park by the club house. The current situation is already one whereby the road and clubhouse cannot accommodate all of the vehicles. Any reduction in parking on the DIGS site or on the Storthes Hall driveway would make the situation worse. This could result in people using the residential area to park which may cause disruption to residents. Please can this be considered as part of the planning with as much available space as possible being made available? Thank you.</p>
