Address of the site or building:	Storthes Hall Student Village, Storthes Hall Lane, Kirkburton, Huddersfield, HD8 0WA
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
Very concerned about the impact on highway and safety. Pennistone Road is becoming increasingly congested with traffic, and T junctions joining Pennistone Road can be very difficult to exit at the best of times -the existing road infrastructure will not suitable for excessive increases in demand that may be incurred due to residential developments. Also, very concerned about the additional traffic that will 'rat run' through the small village of Farnley Tyas due to poor infrastructure elsewhere. Again - the village road infrastructure is not adequate to cope with increase in demand as a consequence of large housing developments. There are also lots of walkers, horse riders and runners who use the country lanes. Increase in traffic as a result of the development may increase risk to people using the lanes for recreational purposes as described. Please take surrounding road infrastructure into account when considering the impact of the number of residences being proposed on the site (and in the context of the number of developments also being proposed in close proximity)
