<p>I do not in principle object to the development as outlined. However I have concerns over highway and traffic management regarding Storthes Hall road, particularly the narrow bridge over Fenay beck and the junction with Penistone road. I use this road regularly and frequently and find the bridge too narrow for all types of road users where cars, walkers horses cyclists are compressed in a narrow space. The road junction has poor sight lines and restricted space, especially turning right. Given the additional traffic envisaged on Penistone road from the approved new development in Lepton/Fenay bridge, and the extra traffic from this development, the developer should contribute to highway improvements at this dangerous junction to mitigate the impact of increased traffic</p>
