<p>I would like to object the plans for the traffic management on the junction with Penistone road.</p> <p>Being a resident on Penistone road the plans are deeply troubling for myself and other residents. The proposed plans of double yellow lines on Penistone Road and Storthes Hall Lane (Both Junctions) would mean loss of essential parking outside our properties and with no alternative parking has been made available. I have elderly family that would be unable to visit and unable to care for. This is on top of day to day essential parking requirements.</p> <p>Whilst I do understand the reason for new affordable housing being built it should not be at the cost of people already living in affordable housing and it would undoubtedly affect the future cost of my and other properties on Penistone Road not to mention the small business's that are on Penistone road.</p> <p>Further more I would like to comment on the lack of transparency from Kirklees over the way the plans have been handled and the fact we have had no notification from anyone that the plans had been put in place.</p>
