I wish to object to the development at the Storthes Hall site. Whilst I do not object to the land being developed to be of use, I do object to the loss of already existent buildings & long established woodland. The site was always perfect for a retirement or dementia village. I guess the financial gains would not be enough for builders or the local authority alike, which is a shame given both would be a beneficial addition to our area for the needs of the community. The number of moving vehicles generated for that type of development may be less than a huge housing estate! I also strongly object & disagree with the road alterations at the bottom of Storthes Hall Lane/Penistone Road/ Spring Grove area. I cannot fathom why homeowners in that vicinity will have any on street parking used by them removed because of an estate half a mile up the road! That is ridiculous & dreadfully unfair. Whilst Penistone Road would benefit from a crossing this has to be carefully considered given the proximity of the fish & chip shop, a well established business that could be seriously affected with no street parking. Please do not allow such a huge number of houses to be built on such a beautiful place.
