> I would wish to add my support for the proposed 10 new bungalows in Urban Terrace - Grange Moor. Adding small suitable development such as this not only enhances the village with modern design but similarly does not overwhelm already sparse utilities in the village.

> With existing restrictions on bus services/ cutbacks on maintenance of play areas /lack of shops including post office and parking amenities - then any other intentions to add greater density of housing without vast improvement in infrastructure would have a negative impact effect on our village.

> Yours Faithfully
