

Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Mr and Mrs J A Swift
Site Address	Land adjacent to the White House development Holt Head, Slaithwaite, Huddersfield HD7 5TY
Description of Development	Cottage development of 2 dwellings

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
Dormer walls and ceilings will be highly insulated construction and also lined with insulated plasterboard such as Kingspan TW56
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
All materials of construction will be sourced locally and the building works carried out by local craftsmen
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)
The client is providing a new condensing boiler for heating and hot water.

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

The design is compact and utilises a well insulated roof space

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

The house is not in a flood zone

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

Water stress is not affected by the development
The client has shown showers as a preference to baths in the new development

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

The site area is unaffected and the garden remains the same

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

There are no open fires in the new proposals
