<p>I am a concerned We have had issues with parking and them blocking the road and repairing the cars in the middle of the road when parents are dropping or collect their children. Cars are parked on the pavement and we have had the police out on a few occasions. They have been with parents and staff. When asked to move the vehicles in the way they become or say they are not there's but later seen moving them in the garage and removing them. Also seen a wood burning fire open burning in there while working on vehicles and seen smoke come out regularly.</p> <p>Also we fear that at the bottom George we would not be able to have the emergency services attend the setting if required.</p>
