<p>The situation on George Street is chaotic anyway with the amount of cars parked/dumped there for the various car establishments on that street. There are vehicles constantly double parked up the street from the very bottom of the main road right up to the top of the nursery. There are people/families having to walk down the centre of the road because cars are double parked using the pavements. It's dangerous and quite frankly unacceptable that the council is even considering this, bearing in mind they have been running as a 'business' since last year, with clear disregard for the nursery that has been there long before the garage.</p>
