<p>This garage is causing huge disruption already to a small quiet street, it is almost impossible to pass let alone park my vehicle to pick my children up from nursery. There is a safety issue for the children due to unsafe parking and my question is how would any emergency services get down the street if required due to inconsiderate parking of vehicles/congestion along the road. Its also impossible to walk on the pavements with a pushchair due to all the vehicles parked on the kerb. I have on many occasions had to walk in the middle of the road with my 2 young children and baby in a pushchair causing risk to myself and my children.</p>
