Everytime i drop my child off at nursery or pick him up the garage has cars parked everywhere making it difficult to get to the nursery my child has mobility problems so needs to be as close to the nursery as possible yet sometimes im having to walk down the street with my child throwing themself on the floor if i ask them to move the cars they say they are not from the garage then il see them putting the cars in and out of garage also they are abusive when asked to move the cars
