<p>In regards to the comment suggesting the garage is 'playing a game and has tidied the street for the purpose of the application', I do not believe this is true as the cars that have been removed from the street were untaxed vehicles, not belonging to the garage.</p> <p>Whenever i visit the garage, they have their own allocated parking within their own premises and instruct me to park in their allocated parking. Hence, i feel we should support this small business.</p>
