<p>The garage has damaged the local landscape by cutting down trees without permission from Kirklees and have consequently been fined. This was before any planning permission was requested whilst they operated the illegal garage.</p> <p>The noise from the garage has significantly increased since they started operating as a garage. The noise from working on vehicles along with the employees shouting and using foul language is absolutely shocking and not suitable for small children.</p> <p>The garage double park cars on both sides of the road whilst they work on them which is making the highway dangerous for the public. Debris from the cars such a bolts, rubber and broken glass is left on the street with no attempt to clean this up.</p>
