<p>Breach.</p> <p>The unit was given planning permission just for storage.</p> <p>Now the unit has been converted as motor repair garage, Since august 2023.</p> <p>The unit creates noise pollution.</p> <p>They have a fire every week or couple times a week, and you can smell burning plastic in all the street. This is not ideal and hazardous to health.</p> <p>The unit opens till 9 or 10pm, I have seen their lights on after 11pm. With loud banging noise, I have trouble sleeping.</p> <p>The original permission was given to open just for storage and open until 6pm.</p> <p>Sunday was supposed to be closed. But now the business operates every day of the week.</p> <p>This unit needs to be closed down as they are in breach of the original agreement, they have opened a different business without planning permission.</p> <p>Why hasn't it been closed down already?</p> <p>Who is responsible for the breach?: The unit owner.</p> <p>Further information?: The unit can be accessed from George street (entrance).</p> <p>They have also extended their land by removing their original fence and occupying extra council land from the side. I believe they intend to extend on this land. This doesn't belong to them!</p> <p>The original fence was next to the unit now they have taken the fence off and have put hardcore and occupied 3 to 4 meters by 10 meters or more of council property this land had originally had garages on it. And the council has given planning permission to make houses on this land. These guys have taken this land without permission.</p> <p>Please sort this matter ASAP.</p>
