<p>I have visited this garage a few times and on all occasions the staff have been brilliant. They are a newly set up garage and we should support them rather than bring them down. They have their own parking spaces which are not on the road and park their cars in this designated space only. I am fully in support of this garage. The nursery is right at the end of the road and has nothing to do with the garage. The nursery has its own parking space and the garage causes no obstruction to this.</p>
