<p>I disagree with this planning application for the following reasons.</p> <p>The new developement already has created an noise pollution which massively effects with my PTSD.</p> <p>The development can likely impact William street residents parking.</p> <p>I am very upset since the green hedges have been cut down this minimises my privacy in particular the houses infront who have now lost their view. This particular reasoning also effects the way i previously visualised my street, now the building cladding is much more visible and spoils the street view.</p>
