<p>The garage have used both sides of the pavement double parking, the whole of the council owned land next to garage and now the back gardens as parking for cars.</p> <p>This has made it unsafe for residents, pedestrians and children who attend the nursery at the bottom of the road.</p> <p>The debris such as broken glass and car parts are left all over the road and pavements with no attempt to tidy up after themselves. This is a danger to the public, animals and local wildlife.</p> <p>The appearance of the of the garage is shocking out of character with the rest of the street. Houses are due to built on the council owned land who will suffer enormously if the garage is granted this permission.</p>
