Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

Please specify the type of roof on which the solar photovoltaic equipment is to be installed:

- ☐ Flat
☒ Pitched

Would any part of the solar photovoltaic equipment protrude more than 0.2 metres beyond the plane of the roof slope (when measured from the perpendicular with the external surface of the roof slope)?

- ☐ Yes
☒ No

Would any part of the solar photovoltaic equipment come within 1 metre of the external edge of the roof?

- ☐ Yes
☒ No

Would the total electrical generation capacity of all the solar photovoltaics installed on the building under permitted development rights (previously and in this proposal) exceed 1 megawatt?

- ☐ Yes
☒ No

Would the solar photovoltaic equipment be installed on roof slope which fronts a highway, of a building:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site

Or, be installed on any part of the roof of a building that is:

- a scheduled monument (or the site contains one)
- a listed building (or within the curtilage of a listed building)

☐ Yes

☒ No

Description of Proposed Works

Please describe the proposed development:

We propose to install a solar Photovoltaic Array on the roof of the surgery, that will generate 26Kwp, utilising 60 panels covering 120msq of the roof surface on the rear/car park side of the building.

This will provide for 57% which will be consumed onsite with 43% being spilled (exported) to grid, making the surgery 46% self sufficient.

Declaration

I/We hereby apply for Prior Approval: Roof mounted solar PV on non-domestic building as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration

Signed

Neil Butterfield
