Lepton village does not have the infrastructures for traffic, schooling, public services such as GP, dentist and road layout to support another 60-75 houses. The majority of residents, including myself are against the development of the fields off Penistone road and behind Hermitage Park. I am informed the construction company are moving forward, marking out the land which suggests that this application is not undecided as stated. Please consider the impact on the residents and surrounding area such as Lepton Great Wood.
