To whom it may concern,

I am writing to give comments on the planning application no 2024/90078 case officer Lucy Taylor.

The erection of a 1800mm boundary fence I am all in favour for.

I am a neighbour that lives across from the side in which the fence is requested for. Without this fence the house will have no privacy at all, as I can see straight into their garden & kitchen.

The family of the house have young children who I often see playing out in their garden. Without this fence I do worry for the safety of their children.

In all honesty I think its ridiculous that they have had to apply for the fence application. After speaking to the homeowners they are actually putting time & effort into the house & garden making it look nice. Which looking at certain houses round it the same cannot be said. They have done alot of needed renovation work to the property & who ever has complained I think plainly just doesn't like change.

Once again I am all for the fence being in place as it makes their property safe & secure for their young family. Also providing privacy which everyone is entitled to in their home.

If anything else is needed please don't hesitate to contact me.

Many Thanks
