RE: Proposed Site for 18 Ullswater Close	
<p>1. Privacy; The windows would directly overlook my bedroom and dining room.</p> <p>2. Where exactly are the drains going to come out as the draining system is already overloaded with drains regularly blocking up. Currently drains from four houses run into my drive.</p> <p>3. The drive to number 18 is very narrow and any vehicle would have to go past the side door of 18 Ullswater Close to reach the proposed site including emergency services which would be impossible.</p> <p>4. This planning application has been turned down before and nothing has changed since the last time.</p> <p>5. I also think the distance from my house is not far enough away from the new proposed build.</p> <p>6. The paragraph from the letter we received regarding objections by letter might not be read due to the postal strikes is ridiculous. Most of the people living nearby are elderly and probably cannot get online to object and therefore would not get a fair hearing.</p> <p>7. My boundary wall is right next to the new build.</p>
