Subject: Fwd: Emergency tree works notification 30 Old Bank Road Mirfield, WF14 0HX TPO ID 66/91/t8

Good afternoon

We have been notified by a customer of a dangerous beech tree at 30 Old Bank Road Mirfield, WF14 0HX that is covered by TPO ID 66/91/t8.

As you can see from the photos attached the tree has a split from the base and the roots are covered in honey fungus, causing the tree to become extremely unstable. Due to the recent storms we have been asked by the customer to fell the tree as it is likely to be blown down by the storm and is close to a highway.

As per guidance on your website (<https://www.kirklees.gov.uk/beta/trees-listing-and-conservation/work-on-trees.aspx>), We are emailing you to provide our 5 days notice of our intention to remove the tree.

Should you need to contact us regarding this matter our number is 07726352014

Kind regards

Joey Williams
