Address of the site or building:	Land at, Cuckstool Road, Denby Dale, Huddersfield, HD8 8RB
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>The planning application for this site was thrown out and the owner was told to put it back as it was. It is very unsightly, unkept and negelected, as the owner keeps coming and putting weed killer on the land, there are suposed to be rules of spraying with weed killer as such the land does not get chance to regrow, the wildlife wildflowers and grass are unable to show there true best. The enterance to this land is down the road on a bend which the owner as made, it was a full wall which he pulled down, without permission or consideration for other road uses. It is an accident waiting to happen as it is very tight, people regually have to reverse back as there is no room to pass, only recentley there was nearly an accident with two vechiels, as they couldn't see round the bend. This land is urband green space as such was for us to use, which we can not as an unsightly fence as been put up around the field, which stops us been able to use the urban green space, where there is a footpath that we used regually, but the fence stops us using the footpath. The proposed site to the dewlings would be dangerous both for road traffic and pedestrians as the pavement is only on one side of the proposed site and is very narrow. This site should remain urban green space. The national coal board state the land should not be built on due to mining subsidence.</p>
