Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I wish to raise an objection to this planning application.</p> <p>Firstly this land is urban green space and I feel this should remain.</p> <p>This was an area consisted of an ancient dry stone wall and hedgerows. It was a natural meadow, until April 2020 when the natural meadow and wildlife area , along with the drystone wall was destroyed by the owners. Many trees were felled increasing the risk of flooding to neighbouring properties and the village cricket field. I can supply photographs to support this.</p> <p>My property has become damp since these trees were felled.</p> <p>I find it ironic that the planning application suggests a natural meadow, this is what was destroyed in 2020 along with wildlife habitats. Since the initial felling, meadow flowers have recovered and each time the current owners have spayed them with weed killer on several occasions</p> <p>I don't believe that the area has the infrastructure to sustain these current plans. The road is often busy used as a cut through and many cars parked , reducing visibility.</p> <p>It is designated urban green space and in my opinion should remain so.</p>
