<p>As already stated on numerous Occasions, this land is designated urban green space and planning permission has been refused locally and from the government. How many times does this process have to happen ! When it was refused last year, the owners where required to put right all that had been done , nothing has been done, it looks bad because they are continuing to abuse the site. I agree with all the other objectors, it's the same argument. No, restore to urban green spaces.</p>
