User comments

Type of comment: A general comment	
Do you wish your comments to be published on the website anonymously?	No
Please can the plans be amended to take into account: 1. The cricket club has been in existence for over 100 years and during that time numerous 6's have been hit up the banking. Please could the plans include safety features to remove all possibility of large hits causing damage or injury to either the dwellings or residents. 2. The surface water running off the banking appears to be increasing since the removal of the trees from this plot. Please could all surface water be piped to flow into the river dearne downstream of the playing area.
