<p>This site has been subject to many planning applications and subsequent appeals over the last few decades. The last application was thrown out. Now we have another opportunistic developer having another go with some spurious plans.</p> <p>The site is designated D3 Urban Space on the KMC UDP and any deviation from this is wholly wrong. The site comprises the cricket field and bowling green and is an integral part of the village character and ecology.</p> <p>The applicant is making a big show on the extra ecology provided but weed killer is frequently sprayed on this site so how does concern for ecology square with those actions? Trees have been illegally felled and ancient wall knocked down to provide an illegal entrance.</p> <p>Two houses(and one supposes it will eventually be more) will not make any difference to KMC housing targets. Any approval would be highly detrimental to the character of Denby Dale.</p> <p>This site should therefore remain as open space as originally designated.</p>
