<p>I live on the wider development and my overriding concern is we were informed the road structures would be improved given the number of houses being built. This has not happened as of yet - for any further development to occur, the road infrastructure needs to be completely re-managed.</p> <p>Access from Burn Road/Halifax road is already extremely busy and congested. The one way system is not working as I see many cars disobeying the 'no entry' sign and have been met by many cars trying to exit Burn road onto Halifax road.</p> <p>Adding another 26 properties will equally make access to Halifax road from Yew Tree Road even more congested too. Again, this access is not fit for purpose and needs to be reviewed.</p> <p>Reviewing other comments already provided, I also agree that the standard of housing proposed is not in keeping with the current houses built on Woodlands Court.</p>
