This application should be rejected on the following basis: There is no visual proposal for the development, no signage proposals, branding, banners, hoarding, screens pedestrian protection etc. There are no amenities for staff, no drying room, no material storage. There is no proposal to alter the existing drainage, which I would assume is not designed to take excess water, foam, soap and oil from cars. Does the site have a Petrol interceptor? There is no detailed proposal for a canopy. There has been no impact assessment on neighbouring properties.
