<p>I strongly object the plans to turn this into a car wash. The noise coming from there along with the traffic with significantly impact the area. It's not in keeping with the character of the village and there are plenty of others near by. Traffic is already an issue and with no clear outline of where cars would wait to access the car wash, this will only get worse. The pollution caused will negatively impact people's health and there's no clear outline on water drainage. I sincerely hope this will all be thought about and lead to a rejection of the plans.</p>
