<p>I do not believe that the application is in keeping with the character of the local area and will cause increased traffic and noise disturbance.</p> <p>I object to the plans on the following basis:</p> <p>Traffic - Whitehall road is extremely busy and is often used as a diversion route when issues in the m62. Any increased traffic or people queuing into the car wash will cause chaos and potentially an accident. It is also opposite a pub and cafe which when people park on the road outside means traffic is in the middle of the road. If you then have cars queuing into the forecourt, the potential for an accident is significant.</p> <p>Pollution - Additional congestion will lead to both noise and air pollution.</p> <p>Noise - in addition to engine noise, there will be the house from the hoses and people which will impact neighboring properties</p> <p>The carwash would not be in keeping with the character of the local area and isn't a service needed in the village with other car wash services available in the vicinity.</p>
