Subject: Comments re development at Whitehall Service Station: application number 2024/90256

CAUTION: External email. Do not click links or open attachments unless you recognize the sender and know the content is safe.

We wish to make comments regarding the above development.

Firstly, we respectfully request not to have our names and address published and any details of any comments identifying our names and address and for these to be redacted.

Thank you.

Our names are:

Our comments are as follows:

- 1: Excessive traffic pollution which will lead to extreme traffic congestion on Whitehall Road East and all roads in the Birkenshaw locality.
- 2: Excessive noise pollution from the added customers of the attended hand car wash.
- 3: Excessive noise pollution from the employees.
- 4: Drainage of potential chemicals used on cars and potential for harmful chemical damage to trees, shrubs and foliage and in the local environment itself.
- 5: Intrusion of privacy, due to the added congestion of customers potentially using the attended car wash facilities at Whitehall Service Station: in turn, spoiling the peaceful area, which we work hard to preserve in the Birkenshaw locality.
- 6: Extra building on Whitehall Service Station- described as a Portakabin : causation of noise pollution and light pollution.
- 7: The excessive amount of added customers and traffic in Whitehall Service Station, intruding on our safety on the pavements, roads and parking in the locality.

We strongly hope our comments will be taken into consideration.

Yours faithfully
